Redmond WA,

Dear Hiring Manager's

*I am writing to express my strong interest in the Software Engineer position at Microsoft, as advertised on your company's careers page. As a passionate and highly motivated software developer, I am excited about the opportunity to contribute my skills and knowledge to a renowned industry leader like Microsoft.*

*Throughout my academic and professional journey, I have cultivated a deep fascination for technology and a genuine enthusiasm for software development. I hold a [Your Degree] in [Your Field] from [Your University], where I acquired a solid foundation in algorithms, data structures, and software engineering principles. I have also gained practical experience through internships at [Previous Company/University], where I collaborated on [Project or Task], demonstrating my ability to work in a team, solve complex problems, and deliver high-quality code under tight deadlines.*

*What truly sets Microsoft apart for me is its commitment to innovation and its unwavering dedication to shaping the future of technology. The company's emphasis on diversity, collaboration, and pushing the boundaries of what's possible aligns perfectly with my own values and aspirations. I am particularly drawn to Microsoft's groundbreaking projects like [Project Name], which showcases the kind of impactful work that I am eager to be a part of.*

*My technical skill set includes proficiency in programming languages such as [Programming Languages], hands-on experience with [Tools/Technologies], and a proven ability to design, develop, and maintain software solutions that meet both functional and performance requirements. I am not only adept at writing efficient and scalable code but*

*also skilled in debugging, testing, and optimizing applications for a seamless user experience.*

*At Microsoft, I believe I could contribute to the development of cutting-edge products and technologies while also learning and growing alongside some of the industry's brightest minds. I am excited by the prospect of leveraging my skills to contribute to projects that will shape the future of technology and positively impact people's lives on a global scale.*

*Thank you for considering my application. I would welcome the opportunity to discuss how my experience and qualifications align with the Software Engineer role at Microsoft. Please find my attached resume for further information on my background. I look forward to the possibility of joining your team and contributing to the company's ongoing success.*

*Sincerely,*

*Ajay Sehwal*
